

Tree Prices for 2009

We have a limited supply of Virginia Pines available this year which we are selling at a reduced price of \$3.00 per foot.

In an effort to sell trees at a fair price for all sizes, we use a sliding scale based on 1/2 foot increments. The price is determined by the type of tree and the height using the nearest half foot that it is at or above. Example: a Leyland Cypress (shown below) that is measured between 6 and 6 1/2 feet would be considered a 6 foot tree and would cost \$25.00. Final measurement will be taken at checkout.

*****Live Container trees (Leyland and Arizona Cypress and Arborvitae "Green Giant") are individually priced. These trees are in the 5 ft to 7 ft range (including pot height).***

<u>Height</u>	<u>Leyland Cypress/Red Cedar</u>	<u>Arizona Cypress</u>
4	\$ 15.50	\$16.50
4 ½	17.25	18.25
5	19.50	20.50
5 ½	22.00	23.00
6	25.00	26.50
6 ½	28.00	29.50
7	31.25	32.75
7 ½	34.50	36.00
8	38.00	40.00
8 1/2	41.50	43.50
9	45.00	47.00
9 1/2	49.00	51.00
10	55.00	57.00

****Trees over 10 ft will be charged at the rate of \$6.00 per foot.***
